## Driver Dies After Car Strikes Truck

John D. Henley, 35 of Sampt, Louisiana, died at Belle Glade Memorial Hospital Monday afternoon after a half hour of his rented auto struck a truck on SR 15 north of Belle Glade at 4:40 p. m.

Highway Patrolman R. G. Russell said Henley's car was traveling 84 mph when it struck a two-ton truck driven by Marion C. Ward, 34 of Belle

Glade. The speedometer on the car stuck after the crash.

Russell said Henley suffered a crushed chest and other injuries while Ward received only superficial abrasions and lacerations.

The man apparently had been drinking. Alcoholic beverages were found in the wrecked car. The truck was attempting to stop and was nearly off the highway when the Henley auto plowed into the back of the truck with such force that the rear truck wheels were torn off and the car was ripped into three pieces. The car traveled

177 feet away from the truck before stopping.

The body was released to Wallington Funeral Home in Hollywood by Wetherington Funeral Home here.

## SCHOOL NEWS

### Senior "Skip Day"

The Senior Class of Belle Glade High chose Ft. Myers beach for their "skip day" event, a day when they miss school, and go on a trip in a body. They left early Friday morning, May 11, in a group of about fourteen cars. They were unable to go to Sanibel and Captiva Islands, as was planned, because of the bad weather. They played in the sand and surf the major part of the day and everyone came home with a lovely tan (or burn as the case may be). At noon the class enjoyed a picnic lunch of fried chicken, potato salad, baked beans, potato chips, cakes, cookies and Cokes.

Senior sponsors, Mrs. Opal Dixie and Mr. Roy Littlefield, and Mr. Harris Francis, accompanied the group, along with senior mothers, Mrs. Inez Her-ring, Mrs. Mary Schlechter, Mrs. Lucy Garon, Mrs. Julia Hemphill, and Mrs. Maude Layfield.

### Rainbow Installation

An informal Rainbow Installation will be held Sunday, at 3:30 p. m. Miss Alleen Hemphill

will be installed as worthy Advisor, and Miss Mary Belle Schlechter as Worthy Associate Advisor. Miss Hemphill's appointed officers will also be installed at this time.

The public is cordially invited to this service which will be held in the Benevolent Hall.

### Class Night

The annual senior "Class Night" will be May 25th, at 8:00 p. m., in the high school gymnasium. On "Class Night," the class history, superlatives and awards are recognized and are woven into the theme for that night, which will be kept secret until then. Other features are skits to the seniors, and short skits.

"Class Night" is always one of the most-enjoyed senior activities. All senior parents and citizens are cordially invited to attend. This year's event promises to be unusual and interesting and the seniors believe you will enjoy it. No admission is charged for this event.

### Safety Patrol Trip To Washington

Captain Dennis Alford and Lt. Eddie Mikovski, of the Safety Patrol, were the first to make the trip to Washington, D. C., at 6:00 a. m. the next morning. They were greeted at the capital where they had pictures made by Vice President Nixon. Others places visited during the three day trip were the Smithsonian Institute, the F.B.I. Building, the Lincoln Memorial and the Tomb of the Unknown Soldier.

The Safety Patrol boys are grateful to the PTA and the City of Belle Glade for financing their trip to Washington. Next year, Lt. Alvin Schlechter, the Lt. who did not make the trip this year, will automatically become captain and go to Washington. Then, two more Lieutenants will be elected and one chosen to accompany Alvin.

Saturday, May 12, the patrol had its Spring outing. They went to Lake Worth for a beach party and picnic. For lunch they had hot dogs, potato chips, watermelon, marshmallows, cookies, and cold drinks. Carl Thompson set a new record by drinking thirteen bottles of pop. The old record was twelve, and Eddie Mikovski came in second with twelve and one-half.

Boys making the trip were: Alvin Schlechter, Eddie Mikovski, Carl Thompson, James Johnson, Jackie Hooker, Carl Nor's, Wayne Moses, Tommy Joe Smith, Richard Barrett, Bobby Thomas, Dennis Alford and Junior Davis.

### FHA News

A meeting of the old and new FHA officers was held Monday night, May 14. They were given their parts to learn for the installation service to be held May 22. The old officers will present the program and the new officers are to have charge of the refreshments and entertainment. This installation service is open to all parents of FHA members and to eighth grade girls, having a scholastic average of "C", who think they might like to belong to the FHA next year.

Miss Frances Fontaine will attend in July, at her own expense, the National FHA Council Convention, to be held in Chicago, Illinois. Miss Carolyn Miller was the club's first choice but will be unable to attend. If the club can find a chapter, Misses Margie Yates and Georganne Mills will attend the State FHA camp, Camp O'Lea, this summer. Camp O'Lea is located on the Santa Fe River, between High Springs and Lake City.

The annual FHA picnic and

beach party will be May 26, in Ft. Lauderdale. Each girl will bring something for the picnic lunch and may invite a guest. The menu will consist of fried chicken, potato salad, potato chips, baked beans, pickles, bread, cake or cookies, and iced tea.

## NEGRO NEWS

### Heart Attack Fatal To Sam Green Here

Funeral arrangements are not complete for Sam Green, Belle Glade negro, who died Tuesday at Belle Glade hospital following a heart attack. Green's age was given as about 45. A spokesman at Taylor Funeral Home here said relatives of Green were in Ft. Lauderdale and were expected to contact the home this week.

### Lake Shore High School Presents

The Cavalcade of Talent The Lake Shore Schools promise to bring a talent-filled star show to the Ace Theatre next Wednesday night, May 23, 1956.

The show, this year features new faces and dramatics which are simply hilarious. The Elementary Department has prepared an entertaining

out to bring their talents to the spotlight. Don't miss Arizona Barnes, Precious Hadley and Shirley Brown in their "Shot-gun Wedding."

The Dramatics Club is in their pitching with a skit on titled "Ain't Got The Money To Pay The Mortgage On The Farm." The suspense of this skit will take you off your seat and will sit you down with a gentle hold.

Whatever you do, don't miss Barnes, Precious Hadley and Shirley Brown in their "Shot-gun Wedding." Their version of the latest tunes is colossal.

It wouldn't be doing you justice to discuss any more of the acts. Just come on out and enjoy the show. A movie will also be shown.

Don't forget now! This year's show is really the Most!

## From where I sit... by Joe Marsh

Doc Nurses a Daydream

It's a treat when I get together with Doc Sherman. The Clarion keeps me much too busy—and Doc, well I think he puts in sixteen hours a day at the hospital.

But Tuesday—a beautiful day—he and I slipped away for a ride around Terrell Lake. Doc's driving a 1956 humdinger—it's like riding on a cloud.

Anyway, at one point Doc slowed almost to a halt. "Used to fish there as a boy, Joe," he said. "Used to sit and imagine myself up on the highway driving a high-powered car. Nowadays, I

just sit here and wish I were down there again."

From where I sit, few of us are ever content with the way things are at any given moment. It's human nature. On the other hand I've been reading for years that someday everybody will show enough good American tolerance to respect his neighbor's right to sit affluently glass of beer. When that day comes I assure you that I'll never want to change back.

## Florida Dental Society Says Care Of Teeth Prevents Harmful Decay

Teeth aren't perfect health one day and suddenly diseased the next.  
When an aching tooth flares suddenly, it means the end of a long process of decay.  
The pain is the danger sign and may be the death rattle of a dying tooth.

The decay begins in a tiny crack you cannot see — no bigger than a pinpoint. Decay starts on the outside of the tooth, not from within.  
Because the outside layer of the tooth, the enamel, is the body's toughest tissue, the pin-point spot enlarges slowly at first. But as the decay works its way into the soft tissue within, it spreads rapidly.  
Decay usually doesn't occur on smooth tooth surfaces that are constantly cleaned by movement of food over them in the chewing process. Natural creases, pits, grooves, and spaces between teeth provide the usual places for decay.

Tooth decay is caused by acids formed in the mouth through action of bacteria on the sugars and starches that stick in these crevices.  
One of the recent findings of dental science is that acids are formed very rapidly on the teeth in 20 minutes after eating sweet or starchy foods. These acids may continue to damage teeth for about 90 minutes. That's why brushing or rinsing the teeth thoroughly after every meal or snack is so important in preventing decay.  
Nature has provided a defense against the "decay" acids, but in our modern world, it does not save the teeth because people are eating too many things containing sugar. We consume every year the surprising average of about 140 pounds of sugar per person, according to recent surveys. Much of this is hidden in various foods, especially desserts.

If children and grown-ups cut down the sugar they consume, tooth decay, pain and loss of teeth would be greatly reduced.

He served five years with the Navy from 1948 to 1953 in the states and overseas and attended New York University for the leading candidate.  
Chance was formerly warehouse manager for the firm of Burnap and Simms, West Palm Beach.

## RUN-OFF TICKET

(Continued from Page One)  
"run-off" will be opposed by a Republican in a two-party election.  
In the May 8 primary official totals for the unexpired term race showed Blank with 7,663 votes; O'Bannon with 5,689; Clyde Windham with 4,872 and Harvey E. Oyer, Jr., 1,922. Totals for the full term race were several thousand votes higher for the leading candidate.  
The vacancy in the county's seat in the State House of Representatives caused by Senator Russell Morrow's appointment to the Circuit Court bench, and Dickinson's resignation, will run for the Senate will create the most unusual primary and election situation in the history of this county, according to some officials.

If Blank continues to win each primary and election, he will have a total of six votes from each of his supporters. These include two on May 8, one on May 22, two on May 29 and one in November.

Voters were cautioned to follow instructions in using the paper ballots and mark them with an X in the proper place. Many of the younger voters, it was explained, have been "brought up" on machine voting and have never before used a paper ballot. Returns from Tuesday's election, in contrast to those from machine balloting, are expected to be slow.

## Quick Check Of Cattle Disease By Prompt Care

Prompt veterinary medical treatment of bovine encephalomyelitis appears to provide the answer to suppressing the infection, according to reports released this week by the American Veterinary Medical Association.  
This is a virus disease, commonly called brain fever and is now believed to exist in at least nine states. It is a disease which poses many problems because of its sporadic nature.  
"The cattle on ranches adjoining an infected herd commonly are unaffected. Also, the infection may disappear from a herd spontaneously only to re-

## Atlantic & Gulf Named Exclusive Stevedores At Port Of Palm Beach

L. B. Bishop, Port Director of Port of Palm Beach, West Palm Beach, Florida, has announced "successful completion of negotiations, under way for over a year, whereby the Atlantic & Gulf Stevedores, Inc., New York and New Orleans, were named exclusive stevedores at the Port of Palm Beach, beginning immediately."

Bishop's statement noted that "Atlantic & Gulf, a subsidiary of the John W. McGrath Corporation, the largest stevedores in the United States, will integrate the operation at the Port of Palm Beach with their Pensacola, Florida and New Orleans, Louisiana, operations."

The combined John W. McGrath Corporation and the Atlantic & Gulf Stevedores, Inc. are contract stevedores and terminal operators in St. John, New Brunswick; Halifax, N. S.; Montreal, Boston, New York, Albany, Philadelphia, Baltimore, Norfolk, Pensacola, New Orleans, Baton Rouge, Houston, Corpus Christi and Beaumont, Texas.

"The local port, highly competitive with Port Everglades, has had to depend on stevedores from that port to handle all of the ships at the Port of Palm Beach for the past five years."

This created a hardship on steamship owners and receivers of cargo because it has been necessary to add travel time for men and material to and from Port Everglades to the cost per ton for stevedoring cargo.

The new arrangement will place us on an equal basis with Port Everglades or any other port in the South Florida region."

Others present were Mrs. Calvin Neuschwander, Mrs. Bob Cowart, Mrs. I. W. West, Mrs. Lloyd Bass, Mrs. Shelly Connell, Mrs. Dick Leff, outgoing president, and Mrs. C. J. Aspey, a guest.

## Over 240 Attend Annual GS Roundup

## Attorney Attacks Property Tax Law

An attack on property valuation in the county was leveled this week by Tully Scott, West Palm Beach attorney who charged that there is "rank injustice and inequity in the assessment of county taxes."

In a lengthy letter to the county commission, Scott attacked the system of assessed valuation which he claimed as unfair for West Palm Beach residents when their property is compared to assessed valuations out in the country.

The commission said Scott's complaint is one of many complaints which the board has received in connection with property valuations. They agreed to arrange a conference with Tax Assessor James Owens to discuss the issue.

Scott called attention to recent real estate sales which showed a piece of property being sold for \$10,000 and being assessed at \$500. He said another piece of property, located in Belvedere Estates, is assessed at \$160 and the property has a present market value of over \$25,000.

He mentioned another transaction in which a piece of property was sold for \$20,000 and on which the tax was \$1.60. In West Palm Beach, Scott said he owned a piece of property valued at \$20,000 and paid a county tax of \$36.52.

The board agreed that if valuations are not changed, there will be need to raise taxes this year to meet current county needs.

The board also agreed it was entitled to an explanation of the assessment system followed by the assessor in setting property values.

The value of products sold in 1954 by operators of 874 farms in Palm Beach County was \$4,614,947, according to a preliminary report of the 1954 Census of Agriculture published by the Bureau of the Census, U. S. Department of Commerce.

The value of all crops sold was \$2,670,969 and included \$2,778,977 for field crops, \$20,951,890 for vegetables, \$436,101 for fruits and nuts, and \$2,994,000 for horticultural specialties.

The value of all livestock and livestock products sold was \$7,541,019 and included \$3,068,453 for dairy products, \$539,396 for poultry and poultry products and \$3,823,170 for livestock and livestock products.

The value of forest products sold from the county's farms was \$2,960.

Information on the value of farm products sold is presented for each county in a preliminary State report, copies of which may be purchased from the Bureau of the Census, Washington 25, D. C., at 10 cents each.

The value of all livestock and livestock products sold was \$7,541,019 and included \$3,068,453 for dairy products, \$539,396 for poultry and poultry products and \$3,823,170 for livestock and livestock products.

## Fire At Chosen

Firemen were called to a small frame shed fire about 9 p. m. Tuesday night about 300 feet west of SR 715 in Chosen. Fire Chief L. E. Will said the shed was a total loss, but firemen were able to protect other nearby buildings. The property was owned by Mrs. Frances Rutledge.

## Officers Of PTA Installed Monday

Installation of officers marked the last meeting of the school year Monday night at the high school auditorium. Mrs. George Arceneaux, member of Pahokee PTA presided at installation rites, with the following officers installed: president, Mrs. Frank Dooley; first vice president, Mrs. R. V. Allison; second vice president, Mrs. G. L. Connelly; recording secretary, Mrs. Russell Tucker; treasurer, Mrs. Fred Baughman; historian, Mrs. Douglas Thompson; delegate at large, Mrs. James Ball, Jr., acting as proxy for Mrs. Hubert Tillery.

Mrs. George Wedgworth, hostess chairman pinned lovely rose corsages on incoming officers as they were installed and charged with their duties. Mrs. Arceneaux gave a brief talk on PTA work and her past activities in the organization. Outgoing president, Mrs. E. D. Humphries and the installing officer were also presented with corsages.

Preceding the installation the meeting was opened with a devotion by Mrs. Henry O. Barwood. A recommendation by the board to donate \$500 to the library was approved and voted on by the group.

Mrs. Humphries announced the school calendar had been changed for next year with the opening of school on Sept. 4 and continuing through June 12. A discussion followed that some of the holidays be eliminated in order to shorten the term. It was voted that a letter be sent to the supervisors and school board for an ap-

I want to thank all those who supported me - also those who supported Mr. Cherry.

I ran for the office of Justice for what I thought would have been in the best interest of the Glades. Had I been elected it would have been against the best interest of myself and wife. Now we can stay closer together our few remaining years.

I earnestly congratulate Mr. Cherry, Mr. Prescott, Mr. Kirk and Mr. Rardin for their victories.

### Model Plane Meet Set For PBABF On May 19

Local model airplane clubs and model airplane enthusiasts will vie for contest honors and

cash prizes at Palm Beach AF Base, on Armed Forces Day, Saturday, May 19.

Sponsored by Palm Beach AF Base, the contest will be open to all model plane owners, civilian and military. Three clubs, the Palm Beach Cloud Busters, Palm Beach Spindzlers, and the Ocean City Modelers from Delray Beach, have already indicated that their clubs will be represented in the competition.

Capt. Robert Bahr is project officer for the event, and is being assisted by local citizens, Mr. John Temple and Mr. Fred Kerr. For further information concerning the contest, contact Captain Bahr at Temple 3-6401, extension 777.

### Two Bids For Turnpike Will Be Received May 24 In Ft. Lauderdale

Bids for the construction of toll plazas at all interchanges on the 110-mile Miami to Fort Pierce section of the Sunshine State Parkway will be received

by the Florida State Turnpike Authority May 24.

Bids will include concrete pavement at the toll plazas, construction of the toll booths including concrete canopies and supports along with masonry utility buildings complete with electric wiring, plumbing, heating and sewage disposal units.

One contract covers all these items for the Southern Terminal in Dade County, Hollywood and State Road 84 interchanges in Broward County. A second contract covers the same items for the interchanges at McArthur and Pompano Beach in Broward County and Delray Beach in Palm Beach County.

The third contract covers the interchanges at West Palm Beach and Jupiter in Palm Beach County, Stuart in Martin County and the Northern Turnpike at Fort Pierce in St. Lucie County.

Bids will be received at that time, too, for construction of a maintenance area with lighting and set the stich regulator on the private buildings at the Stuart

interchange.

At the same time the Turnpike Authority has called for bids for the construction of Kings Highway as a feeder road at the northern terminal in St. Lucie County which will connect the turnpike with U. S. 1 near the Indian River County line. This contract will cover the entire road construction. The road will be 10.65 miles long. From the end of the turnpike it will go eight miles north and then swing northeast to U. S. 1.

When these contracts are let, only four more will be awarded to complete all turnpike contracts. These will be for construction of the three service areas with their buildings and a communications system.

When stitching plastic material on a fine needle and mechanized thread, says The Progressive Farmer. Adjust the machine for light tension and set the stitch regulator for a long stitch.

## Seen only on higher priced cars and Chevrolet

### The meaningful emblem of Body by Fisher

When you see "sterling" on silver you know what it means—solid silver, all the way through.

And when you see the medallion "Body by Fisher" on an automobile it means much the same thing—quality all the way through, in things unseen as well as on the visible, gleaming surface.

The significance of this emblem cannot be tested on the showroom floor. Its meaning is not built up in a day but only after

long years in which owners learned that "Body by Fisher" was a veritable symbol of solid, enduring satisfaction.

Only one who has owned a Chevrolet for several years can fully know the deep sense of satisfaction this emblem pledges. It is the warranty of an inner soundness that your eye or your touch cannot test. And only Chevrolet in the low-price field is proud to wear the small, proud plaque that proclaims "Body by Fisher."

Drive with care... EVERYWHERE!

## NEW HARBOR, \$100,000

(Continued from Page One)

will be Al Calk of Lakeland, St. Petersburg, and Harry Pinner of Lake Worth.

There will be two heats in each of the following classes: "A" hydroplanes and D 1 runabouts. Races will start promptly at 1:00 p. m. with heat every 15 minutes, with speeds up to 60 mph.

Race Chairman is Joe Cherry, Commodore of the Pahokee Boat Club and the Referee is J. Paxton Hill, President of the Florida Federation of Outboard Clubs. The public is invited to see the "Race of the Champions" as dubbed because of the many champion drivers entered in this contest. Following the race, there will be a hang-up water ski installation at the Holmes Ski-Bee. For an afternoon of thrills and spills, the public is invited to see the water ski contest which will be narrated over the PA system by the Old Skipper, Paxton Hill.

# ATTENTION

## PALM BEACH COUNTY VOTERS!

AT THE MAY 22 SPECIAL ELECTION

you will be given a separate ballot to vote for or against a bill which drastically restricts commercial net fishing in the Atlantic Ocean off Palm Beach County.

THIS BILL was quietly put through the state legislation subject to county referendum, and identified only by number and not by content. If passed it will replace a law which has been in effect since 1931 and worked out satisfactorily for both conservationists and the fishing industry.

THE COMMERCIAL FISHING INDUSTRY

is the oldest and one of the most important factors in the economy of the county. This law would virtually ruin this business and result in the LOSS OF MILLIONS OF DOLLARS now being brought into the county by commercial fishermen. It would mean that hundreds of persons employed in commercial fishing and related businesses would suffer hardships, and consumers would be deprived of a great and economical food supply. The special ballot will look like this. Be sure to mark X in the box against the Act.

Be Sure to VOTE AGAINST THE Act

REFERENDUM ELECTION

PALM BEACH COUNTY, FLORIDA

ON EFFECTIVENESS OF CHAPTER 31137,

LAW OF FLORIDA, ACTS OF 1955

MAY 22, 1956

(NOTICE TO VOTERS: To vote in favor of the said Act make a cross (X) in the square to the right of the words "FOR THIS ACT"; to vote against the said Act make a cross (X) in the square to the right of the words "AGAINST THIS ACT".)

Shall Chapter 31137, Laws of Florida, Acts of 1955, be an act prohibiting the placing or setting of any seine, gill net, or other net, except commercial net, in the waters of any inlet in Palm Beach County, Florida, and prohibiting the placing or setting of any seine, gill net, or other net, except commercial net, in the waters of the Atlantic Ocean, surrounding the county of Palm Beach County, Florida, and providing penalties therefor, and repealing Chapter 15416, Special Acts of the State of Florida, Legislature of 1931, become effective?

SEE THE DIFFERENCE RSD MAKES

With ordinary suspension which bog and bounce violently on rough roads as shown by wheel out of control.

With RSD Suspension (on the same road) every wheel holds its own, controlled, smooth out to a more even surface on the outlay.

Now! The ride that's amazing the country!

Not just other trucks, but even cars, are being put to shame by the astonishing ride of our Blue Chip GMC with Road Shock Dampener Suspension!

It smoothes every bump and jounce. It blots up even little sharp vibrations from road joints. You drive at normal speed over washboard roads with others crawl—and there's no slowing, no wheel wobble, no punishment for the driver.

This sensational performance already is creating a landslide demand. You'll see why when you try the RSD ride. And we want to book you for one right away.

So come in. We'll give you the details and arrange for the proof. Drop in today.

\*Standard on the Suburban, optional at moderate extra cost on all other 34-in. models.

Signatures Bond Purchase

Figures Released Here

Edward M. Lively, today released purchase figures for the April period. Series E and H totals for the month in the county were \$281,062 and for the first four months of 1956 now are \$1,362,055, an 11.8% loss from the record level reached in 1955.

"May 1, 1956," Lively said, "marks the 15th Anniversary of the Series E Savings Bond and in that relatively short period of time they have become a mighty force in the household economies of nearly 40 million American families.

They have been the means by which untold millions of people have accumulated the money to achieve many different varieties of worthwhile benefits. — new homes, new cars, college education for the children, more comfortable retirement, travel to satisfy life-long desires, and there are still held in reserve for future need \$37.8 billions to keep on making more dreams come true."

"Sales state-wide," Lively concluded, "have reached 229,327 which is 33.3% of the 1956 goal of \$33,100,000.

**World's most popular  
POWER STEERING?**

Buick Roadmaster 6-Passenger 4-Door Riviera

**Right this way!**

EVERY YEAR, more and more of the new cars sold are equipped with Power Steering. Many a man has bought it "for the wife"—then wondered how he ever got along without it.

And if you have in mind a new car with this increasingly popular feature, you ought to consider this fact:

Since the beginning of last year, Buick has sold far more new cars equipped with Power Steering than any other car—over 20,000 more in 1955 alone.

That's the record—and the reasons for it are just as impressive.

Buick brings you In-Line Safety Power Steering. In addition to the one-finger ease of turning common to all such systems in varying degree, it has several distinct advantages.

It gives you sturdier, steadier, safer control at

highway speeds—because it retains that good natural "feel" of the road. (That's something you really should compare.)

On the other hand, it gives you more power assist when you need it most—at crawl speeds and at full stop. For parking and other tight maneuvering, Buick's Power Steering makes wheel turning nearly twice as easy as other types of systems. (And that's by engineering computation.)

Add another plus: this Buick feature works through the new Buick front end—where a unique new geometry and steering linkage bring a sweet new response and a wonderfully easy handling and a sure "sense of direction" even to new Buicks not equipped with the power system.

So there you are—and here we are, waiting to prove it all to you.

Waiting, also, to let you try the new thrills to

be had in Buick's advanced new Variable Pitch Dynaflow—where gateway response and gas mileage both step up even before you switch the pitch.

And waiting to show you how the highest power yet, the sweetest ride yet and the boldest styling yet—all help to make this bright new beauty the Best Buick Yet.

Today is fine with us. How about you?

\*Buick's In-Line Safety Power Steering is standard on Roadmaster and Super, optional at moderate extra cost on other Series.

†New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

**AIR CONDITIONING at a COOL NEW LOW PRICE**  
It cools, filters, dehumidifies. Get a 4-season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING
